Home Assignment:
Build a Document Question Answering (Document QA) Agent

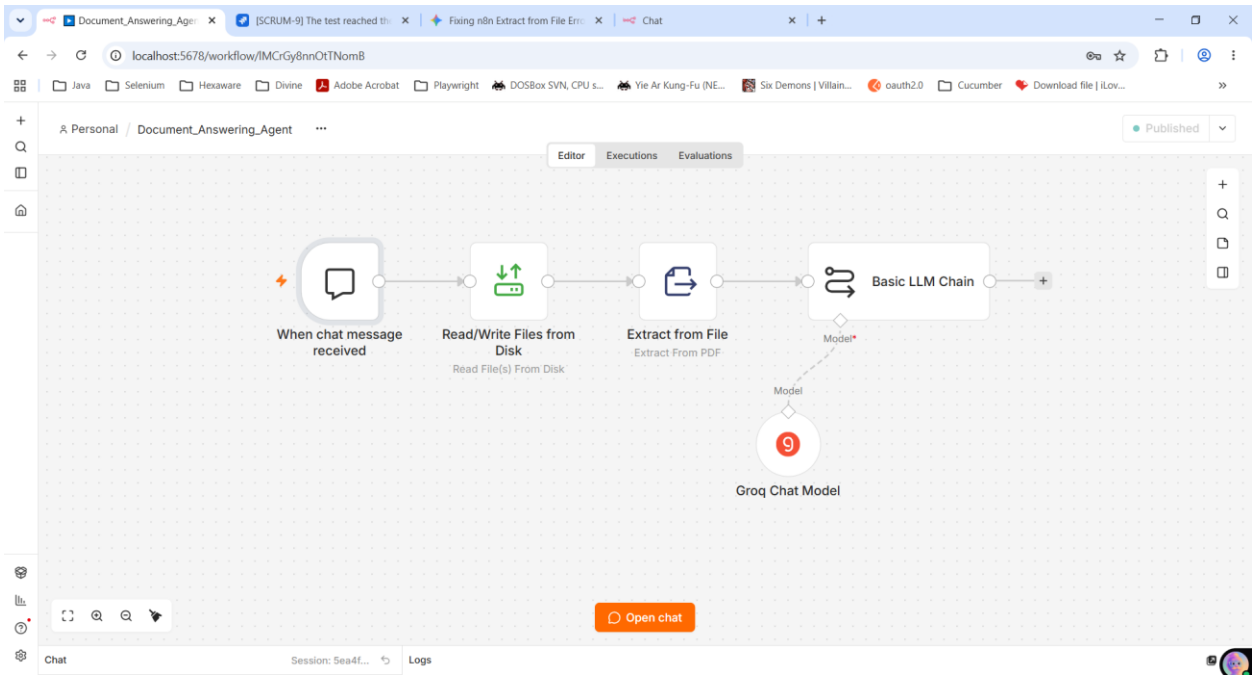

Develop an AI-powered Document QA agent that enables users to upload a document from their local system and ask questions based on its content. The agent should extract the document content, understand the user's query, and provide accurate answers using only the uploaded document as the source of information. If the requested information is not available in the document, the agent should respond appropriately instead of generating unsupported answers.

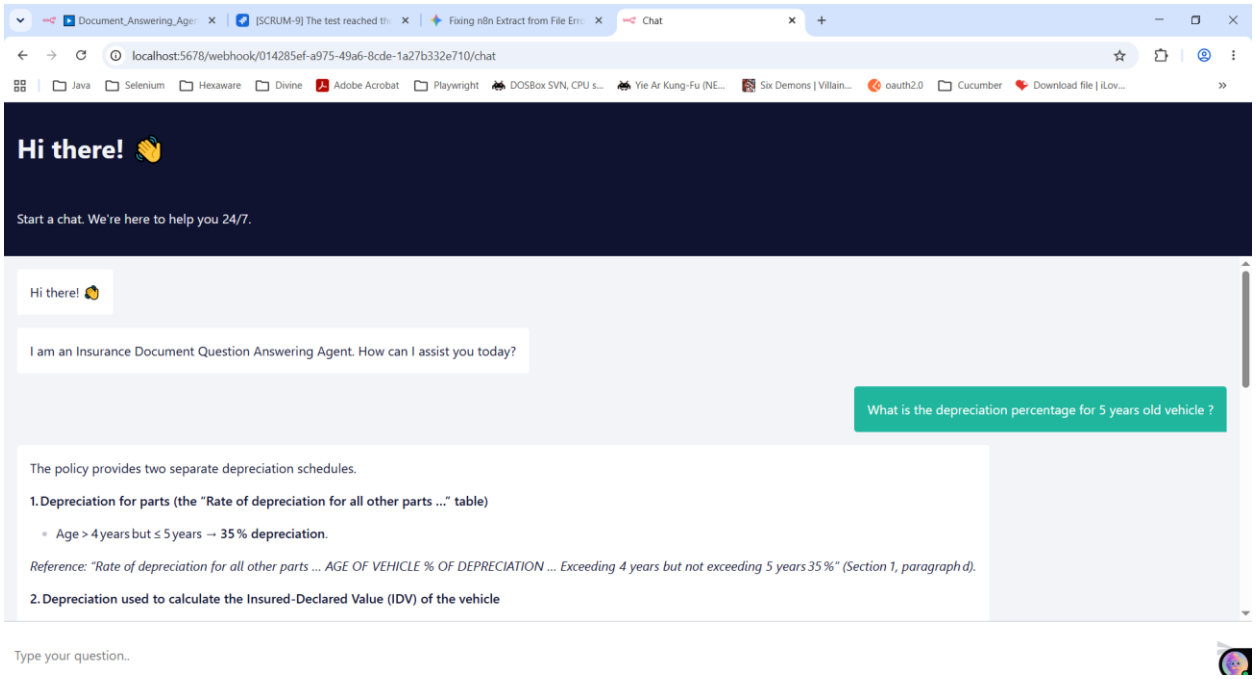

Expected Outcome: Users should be able to upload a document, ask multiple questions, and receive context-aware answers derived only from the uploaded document.

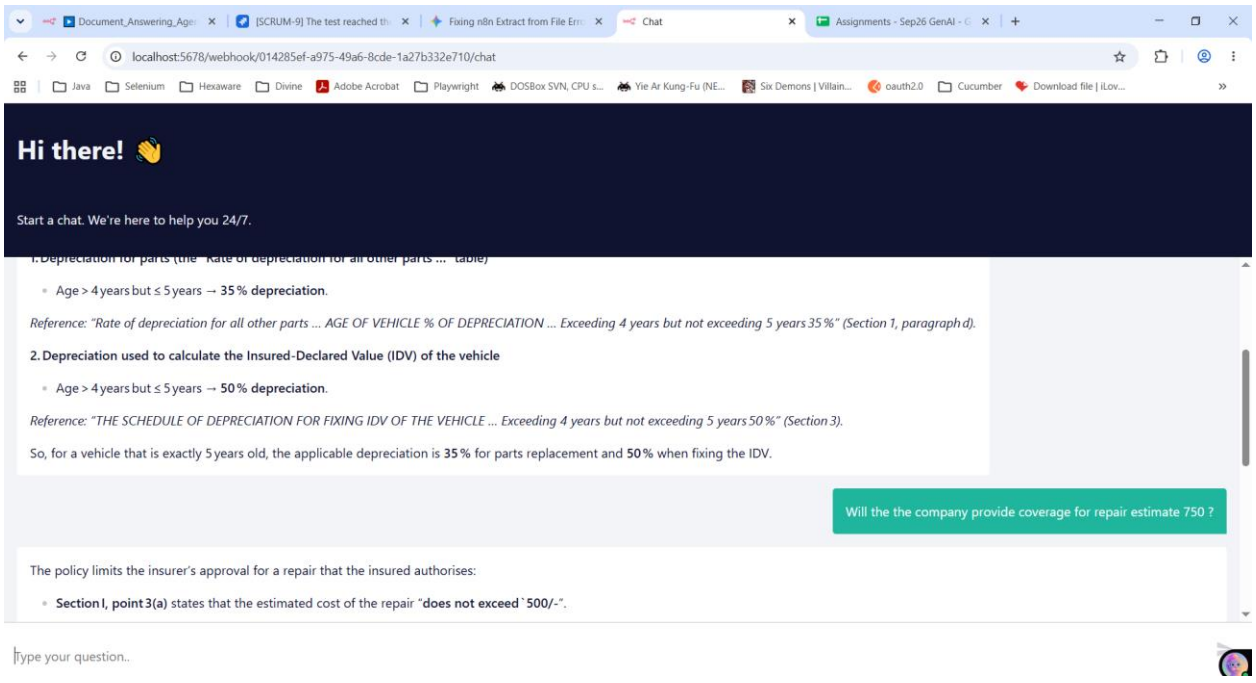

list of nodes :

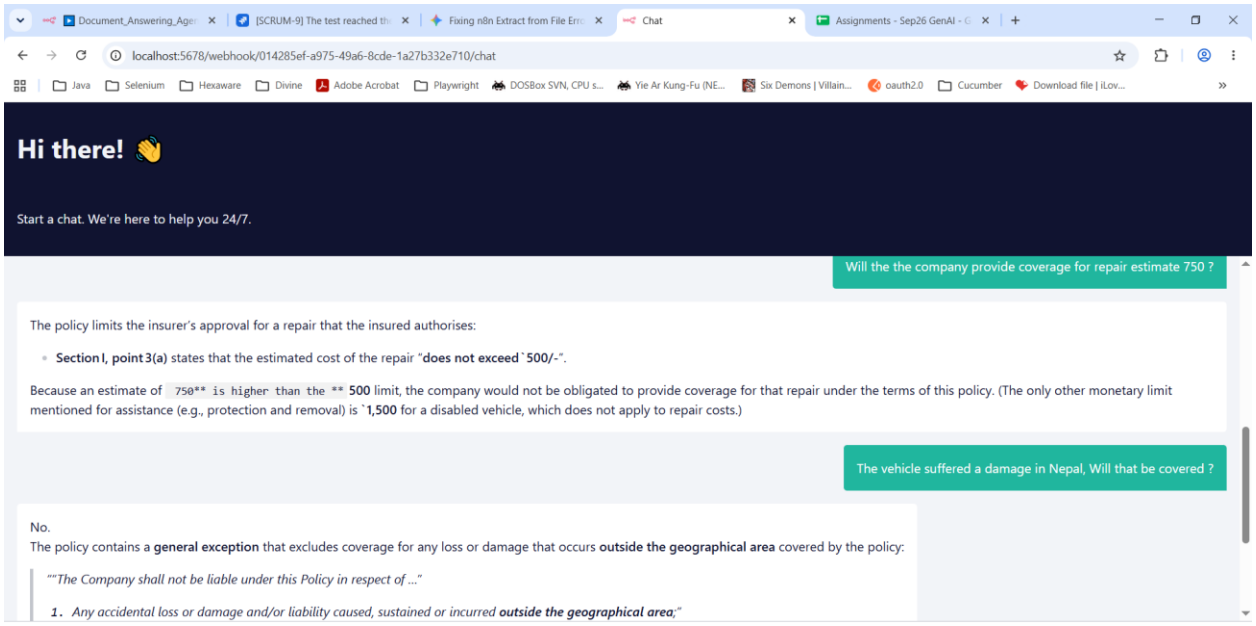

1.Manual Trigger
2.Read /write files from disk
3.Extract from file
4.Basic LLM chain

Hi there! 👋
I am an Insurance Document Question Answering Agent. How can I assist you today?
What is the depreciation percentage for 5 years old vehicle ?
The policy provides two separate depreciation schedules.
1. Depreciation for parts (the "Rate of depreciation for all other parts ..." table)
Age > 4 years but ≤ 5 years → 35 % depreciation.
Reference: "Rate of depreciation for all other parts ... AGE OF VEHICLE % OF DEPRECIATION ... Exceeding 4 years but not exceeding 5 years 35 %" (Section 1, paragraph d).
2. Depreciation used to calculate the Insured-Declared Value (IDV) of the vehicle

Age > 4 years but ≤ 5 years → 35 % depreciation.
Reference: "Rate of depreciation for all other parts ... AGE OF VEHICLE % OF DEPRECIATION ... Exceeding 4 years but not exceeding 5 years 35 %" (Section 1, paragraph d).
2. Depreciation used to calculate the Insured-Declared Value (IDV) of the vehicle
Age > 4 years but ≤ 5 years → 50 % depreciation.
Reference: "THE SCHEDULE OF DEPRECIATION FOR FIXING IDV OF THE VEHICLE ... Exceeding 4 years but not exceeding 5 years 50 %" (Section 3).
So, for a vehicle that is exactly 5 years old, the applicable depreciation is 35 % for parts replacement and 50 % when fixing the IDV.
Will the the company provide coverage for repair estimate 750 ?
The policy limits the insurer's approval for a repair that the insured authorises:
Section I, point 3(a) states that the estimated cost of the repair "does not exceed ` 500/-".

Will the the company provide coverage for repair estimate 750 ?
The policy limits the insurer's approval for a repair that the insured authorises:
Section I, point 3(a) states that the estimated cost of the repair "does not exceed `500/-".
Because an estimate of `750** is higher than the ** 500 limit, the company would not be obligated to provide coverage for that repair under the terms of this policy. (The only other monetary limit mentioned for assistance (e.g., protection and removal) is `1,500 for a disabled vehicle, which does not apply to repair costs.)
The vehicle suffered a damage in Nepal, Will that be covered ?
No.
The policy contains a general exception that excludes coverage for any loss or damage that occurs outside the geographical area covered by the policy:
""The Company shall not be liable under this Policy in respect of ..."
1. Any accidental loss or damage and/or liability caused, sustained or incurred outside the geographical area;"

The vehicle suffered a damage in Nepal, Will that be covered ?
No.
The policy contains a general exception that excludes coverage for any loss or damage that occurs outside the geographical area covered by the policy:
""The Company shall not be liable under this Policy in respect of ..."
1. Any accidental loss or damage and/or liability caused, sustained or incurred outside the geographical area;"
Since Nepal is outside the policy's geographical area, the damage that occurred there would not be covered. (General Exceptions, clause 1).
The house was damaged. What is the percentage of coverage ?
The uploaded document is a private-car insurance policy and does not contain any information about coverage percentages for damage to a house. Therefore, the percentage of coverage for a house damage claim is not available in the provided document.
